with the relevant provisions of this DPA until Customer's Personal Data has been deleted in accordance with Section 4 of this DPA.

3. Roles and Regulatory Compliance.

3.1. Processor and Controller Responsibilities. The parties acknowledge and agree that:

3.1.1. The subject matter and details of the Processing are described in Appendix 1; and

3.1.2. Andeavour is a Processor of that Personal Data under Data Protection Legislation, in each case regardless of whether Customer acts as a Controller or as a Processor on behalf of a third-Party Controller; and

3.1.3. Customer is a Controller of that Personal Data under Data Protection Legislation; and

Where applicable, Customer shall be responsible for any communications, notifications, assistance and/or authorizations that may be required in connection with a Third-Party Controller.

3.3.2. Andeavour's Compliance with Instructions. Andeavour will only Process Personal Data in accordance with Customer's instructions described in Section 3.3.1 unless Data Protection Legislation requires otherwise, in which case Andeavour will notify Customer in writing (unless that law prohibits Andeavour from doing so on important grounds of public interest).

As used in this sub-Section 3.3.3, the terms "Sell," "Share," "Business Purpose," and "Commercial Purpose" shall have the meanings given in the CCPA and "Personal Information" shall mean any personal information (as defined in the CCPA) contained in Personal Data. Andeavour will comply with applicable obligations under the CCPA and provide the same level of privacy protection to Personal Information as is required by the CCPA. Customer has the right to take reasonable and appropriate steps to help ensure that Andeavour uses the Personal Information transferred in a manner consistent with Customer's obligations under the CCPA by exercising Customer's audit rights in Section 7 (Reviews and Audits of Compliance). Andeavour will notify Customer if it makes a determination that Andeavour can no longer meet its obligations under the CCPA. If Andeavour notifies Customer of unauthorized use of Personal Information, including under the foregoing sentence, Customer will have the right to take reasonable and appropriate steps to stop and remediate such unauthorized use by limiting the Personal Information shared with Andeavour, terminating the portion of the Agreement relevant to such unauthorized use, or such other steps mutually agreed between the Parties in writing.

Otherwise, if an Authorized Affiliate seeks to assert a legal demand, action, suit, claim, proceeding, or otherwise against Andeavour ("Authorized Affiliate Claim"), Customer must bring such Authorized Affiliate Claim directly against Andeavour on behalf of such Authorized Affiliate, unless Data Protection Legislation requires the Authorized Affiliate be a party to such claim.

4. Data Deletion and Retention.

4.1. Deletion on Termination. On termination of the Agreement or expiry or termination of the Term and at the choice of the Customer, Andeavour will either delete or return (in a commonly machine-readable format) the Personal Data to the Customer unless Data Protection Legislation requires or permits continued retention and Processing of the Personal Data.

5.5 No Assessment of Personal Data by Andeavour. Andeavour shall have no obligation to assess the contents or accuracy of Personal Data, including to identify information subject to any specific legal, regulatory, or other requirement. 6. Notice and Communication.

6.1. Notification of Security Incident. If Andeavour becomes aware of a Security Incident, Andeavour will (a) promptly take reasonable steps to investigate the Security Incident and (b) notify Customer of the Security Incident without undue delay, in accordance with governing law.

Notwithstanding the foregoing, Customer acknowledges that because Andeavour personnel may not have visibility to the content of Personal Data, it may be unlikely that Andeavour can provide information as to the particular nature of the Personal Data, or where applicable, the identities, number or categories of affected Data Subjects. Communications by or on behalf of Andeavour with Customer in connection with a Security Incident shall not be construed as an acknowledgment by Andeavour of any fault or liability with respect to the Security Incident.

6.3 Complaints or Notices Related to Personal Data. If Andeavour receives any official complaint, notice, or communication that relates to Andeavour’s Processing of Personal Data or either Party’s compliance with Data Protection Legislation in connection with Personal Data, to the extent legally permitted, Andeavour shall promptly notify Customer and, to the extent applicable, Andeavour shall provide Customer with commercially reasonable cooperation and assistance in relation to any such complaint, notice, or communication. Customer shall be responsible for any reasonable costs arising from Andeavour’s provision of assistance in relation to any official complaint, notice, or communication that relates to Customer’s compliance with Data Protection Legislation.

7. Reviews and Audits of Compliance.

7.1. Audit. Customer may audit Andeavour's compliance with its obligations under this DPA as required by Data Protection Legislation, but not more than once per year unless required by Data Protection Legislation, including where mandated by Customer's supervisory authority. Andeavour will contribute to such audits by providing Customer or Customer's supervisory authority with the information and assistance reasonably necessary to conduct the audit. Customer acknowledges and agrees that any exercise of its audit rights under applicable Data Protection Legislation will be conducted in accordance with this DPA.

7.2. Third Party. If a third party is to conduct the audit, Andeavour may object to the auditor if the auditor is, in Andeavour's reasonable opinion a competitor of Andeavour. Such objection by Andeavour will require Customer to appoint another auditor or conduct the audit itself.

7.3. Process. Subject to Section 6 (Notice and Communication) in relation to a Security Incident and aside from in the event of an investigation of a supervisory authority, to request an audit, Customer must submit a detailed proposed audit plan to Andeavour at least thirty (30) days in advance of the proposed audit date and any third party auditor must sign a customary non-disclosure agreement mutually acceptable to the parties (such acceptance not to be unreasonably withheld) providing for the confidential treatment of all information exchanged in connection with the audit and any reports regarding the results or findings thereof. Customer shall be solely responsible for the actions or inaction of any such third party, including without limitation any breaches of confidentiality. The proposed audit plan must describe the proposed scope, duration, and start date of the audit. Andeavour will review the proposed audit plan and provide Customer with any concerns or questions (for example, any request for information that could compromise Andeavour security, privacy, employment or other relevant policies). Andeavour will work cooperatively with Customer to agree on a final audit plan. Nothing in this Section shall require Andeavour to disclose any information where such disclosure would result in a breach of any duties of confidentiality.

7.4. Documents. If the controls or measures to be assessed in the requested audit are addressed in an SSAE 16/ISAE 3402 Type 2, ISO, NIST or similar audit report performed by a qualified third-party auditor within twelve (12) months of Customer's audit request and Andeavour has confirmed there are no known material changes in the controls audited, Customer agrees to accept such report in lieu of requesting an audit of such controls or measures.

7.5. Timing. The audit must be conducted during regular business hours, subject to the agreed final audit plan and Andeavour's safety, security or other relevant policies, and may not unreasonably interfere with Andeavour business activities.

7.6. Reports. Customer will promptly notify Andeavour of any non-compliance discovered during the course of an audit and provide Andeavour any audit reports generated in connection with any audit under this Section 7, unless prohibited by Data Protection Legislation or otherwise instructed by a supervisory authority. Customer may use the audit reports only for the purposes of meeting Customer's regulatory audit requirements and/or confirming compliance with the requirements of this DPA. The reports, audit, and any information arising therefrom shall be considered Andeavour's Confidential Information and may only be shared with a third party (including a Third-Party Controller) with Andeavour's prior written agreement.

7.7. Costs. Any audits are at Customer's expense. Customer will be responsible for any fees charged by any auditor appointed by Customer to execute any such audit. Andeavour may charge a fee, to be mutually agreed by the parties in advance, for any such audit; rates shall be reasonable, taking into account the resources expended by Andeavour. Nothing in this DPA shall be construed to require Andeavour to furnish more information about its Sub-processors in a connection with such audits than such Sub-processors make available to Andeavour without restriction on further disclosure.

8. **Impact Assessments and Consultations**. Andeavour will provide reasonably requested information regarding the Andeavour Offerings to enable Customer to carry out impact assessments or prior consultations with data protection authorities as required by applicable Data Protection Legislation, including, if applicable, Customer's obligations pursuant to Articles 35 and 36 of the EU GDPR and UK GDPR, by (a) making available for

review copies of the Security Documentation or other documentation or information describing relevant aspects of Andeavour's information security program and the security measures applied in connection therewith; and (b) providing the other information contained in the Agreement including this DPA. 9. Data Subject Requests.

9.1. Customer's Responsibility for Requests. Andeavour shall promptly notify Customer if Andeavour receives a request from a Data Subject that identifies Personal Data related to Customer or that otherwise identifies Customer, including where the Data Subject seeks to exercise any of its rights under applicable Data Protection Legislation. During the Term or as otherwise required by applicable Data Protection Legislation, if Andeavour receives any request from a Data Subject in relation to the Data Subject's Personal Data Processed in connection with the Andeavour Offering, to the extent legally permitted Andeavour will advise the Data Subject to submit their request to Customer and Customer will be responsible for responding to any such request, subject to the assistance to be provided by Andeavour pursuant to Section 9.2 below.
